

WHO ARE WE?

Since 1998, the S2 Institute has trained thousands of security, military, intelligence, and law enforcement professionals in critical public safety topics. S2 has earned the reputation as one of the nation's premier sources for high-quality security and public safety training.

We have a staff of instructors that include current and former military, government, law enforcement, security, intelligence, and protective services professionals with a lifetime of experience.

Training is provided year round at our facilities in Clearwater and Casselberry, Florida.

SECURITY OFFICER AND STATEWIDE FIREARMS LICENSE TRAINING

The State of Florida requires 24 hours of initial training to obtain a Class "D" license. Once you have completed the Class D - Part 1, you are eligible to apply for your license and start work. Then you have 6 months in which to complete the Class D - Part 2, 16-hr. to maintain the license. (License is good for 2 years.)

At S2, we understand that students have busy schedules. That is why we offer the Class D - Part 1 in two 12 hour days. Every student is walked through the application process in a step-by-step method to ensure that every question is answered prior to submitting the application. Once the fees and application have been submitted to the state, students may start work.

Applications require fingerprint, photograph, and notary. This service is available for \$18, if needed.

The carrying of a firearm is a privilege and responsibility not to be taken lightly. At the S2 Institute, we provide the most comprehensive firearms course available using a **state of the art classroom and a clean firearms training facility**. Students are taught using a combination of lecture, scenario based, and live fire training. All are designed to reduce liability and to provide the student with the necessary life saving skills needed to carry a firearm for work purposes. The State requires initial training of 28 hours and 4 hours of requalification each year.
