

SECURITY OFFICER AND STATEWIDE FIREARMS LICENSE TRAINING

The State of Florida requires a total of 40-hours of instruction for Class "D" license training. At the S2 Institute, we offer the 40-hours of Class "D" training over a 4-day period in the classroom. The program runs Monday through Thursday every week* and includes all information required by the State of Florida for initial license applicants.

In addition to lesson instruction, every student is walked through the State application process in a step-by-step manner to ensure that the license application is complete and filled out properly. Students passing the final exam will be given proof of completion to provide to the State when they apply for the Class "D" license. To assist in the application process students may purchase the support services required by the State in order to have a complete application.

*Excluding holidays

Applications require fingerprint, photograph, and notary. This service is available for \$18, if needed.

The carrying of a firearm is a privilege and responsibility not to be taken lightly. At the S2 Institute, we provide the most comprehensive firearms course available using a **state of the art classroom and a clean firearms training facility**. Students are taught using a combination of lecture, scenario based, and live fire training. All are designed to reduce liability and to provide the student with the necessary life saving skills needed to carry a firearm for work purposes. The State requires initial training of 28 hours and 4 hours of requalification each year.
